PLEASE make sure that your entry numbers are as **accurate as possible**. Several contests last year had many more entries submitted than actually participated on the day of the event. Others had entries enrolled but none showed up to compete leading to a waste of time for judges and poor allocation of judges and resources.

REMEMBER: All contests must have a **minimum of 3 entries** for it to take place. Notice will be given as soon as possible after the enrollment deadline if a contest does not meet that requirement and will not take place.
